## **QUESTIONS & ANSWERS ON THE HEALTH AND SAFETY AT WORK ACT**

**4th edn. Vincent Powell, Smith LL.M., DLitt, FFR**

• 4th edn. **Vincent Powell-Smith LLM, DLitt, FFB**  
**£2.95 (inc. P & P)**

44783 | J. Neurosci., November 11, 2009 | 29(45):44773–44783

"This valuable booklet . . . provides management safety officers and others with answers to some basic questions" said the Building Trades Journal of an earlier edition. More than 40,000 copies later and one year on from the implementation of the safety reps. regulations, the author has written virtually a new publication. Safety committees will find it essential reading and bulk order discounts are available.

## ELECTRICAL HAZARDS

## **ELECTRICAL HAZARDS**

### **A handbook for the construction site**

£1.75 (inc. P & P) 48 pages

Published by the Construction Safety Association of Ontario who are in the forefront with ideas for safer work methods and work places, the booklet with its two colour graphic illustrations makes a fresh and powerful bid to beat the old problems of electrical hazards on the construction site. Reviewed are causes and effects of common accidents, methods of prevention, the hazards in temporary power distribution and lighting, the use of portable and other equipment.

*"This book could well become a 'must' for contractors . . ."*  
*Electrical Contractor, Aug. 1979.*

**THE PROTECTION DIRECTORY OF INDUSTRIAL AND  
ENVIRONMENTAL SAFETY PERSONNEL  
£5.00 (inc. P & P) 1978/79**

A vital gap in the safety field was first filled with the publication of this Directory four years ago. Industry has long felt the need for a 'Who's Who' of senior personnel responsible for instigating, implementing and equipping company loss prevention programmes.
